

Abstract for the 12th INSME Annual Meeting

Round Table V

Building and Developing Capacity of Angel Investment in emerging countries

Mr. Philippe GLUNTZ
President
Business Angels Europe
Belgium

Angel Investing is key for supporting innovative startups.

All economies, will focus more and more on innovation for their development.

But Angels Investing Capacity Building is a delicate process: it requires an adequate eco-system, and have to be planned over several years, on a bespoke basis: there is no solution that fits all situations.

Learning from experience, and looking for the support of more developed countries is the best approach.
